EDUCATION

Bachelor Degree

Electronics and Communication Engineering.
Khulna University, Khulna -9208
CGPA: 3.59/4.00

HSC GPA: 4.92/5.00, Jashore Board

SSC GPA: 4.94/5.00, Jashore Board

PROGRAMMING SKILLS

- C/C++
- Java
- Python
- MATLAB
- Verilog

SOFTWARE SKILLS

- Cisco Packet Tracer
- Intel Quartus Prime
- Microsoft Word, Excel, and Power-point

OTHER SKILLS

- Familiar with fusion splicer
- Configuring PPPoE
- Router and IP Setup

TECHNICAL CERTIFICATION

- Certification of Technical Support Fundamentals authorised by Google
- Certification in Digital Marketing, Khulna University, EDGE Project, Bangladesh Computer Council (Nov 2024 – Jan 2025)

ABOUT ME

I am a graduate of Electronics and Communication Engineering from Khulna University and a current MSc student at the same institute, with a strong foundation in electronics, telecommunication systems, and networking. I have expertise in IT support, network security, routing protocols, and optical fiber communication, along with hands-on experience in network infrastructure and troubleshooting.

ACADEMIC EXPERIENCE

Thesis Research

Multi-Platform Data Security Systems using n -Bit Modified (n -BM) and Reusable Block (n -BRB) AES.

Projects

- A Microcontroller and Machine Learning based approach for Muscle Stress Localization and State of Maximum Fatigue Identification.
- Implementation of Different Topology using Cisco Packet Tracer.
- Development of an Android Application for both Text and Image Encryption and Decryption.

INDUSTRIAL EXPERIENCE

- Familiar with the Operation and Maintenance, including major Instrumentation and Control Systems of Khulna 225 MW Combined Cycle Power plant: North-West Power Generation Company Limited. Dec 2022 - Jan 2023.
- Engaged at Bangladesh Cable Shilpa Limited, gaining practical exposure to various cable types, with a particular focus on optical fiber cables and their testing processes.
